Complete Anatomy Training Session

Faculty of Medicine, University of Crete

Elsevier invites students, faculty members and researchers to a training session on **Complete Anatomy**, the leading 3D human anatomy platform, available to the academic community through the HEAL-Link consortium license.

During the session, participants will learn how to:

- Activate their access using the institutional license code
- Explore detailed 3D models of the body systems and perform virtual dissections
- Use study tools such as quizzes, notes and custom views
- Integrate the platform into teaching and self-study on computer, tablet and mobile

The session will take place as follows:

Date	Friday, October 9, 2026
Time	12:00 p.m.
Location	University of Crete Library, Voutes University Campus, 700 13 Heraklion, Crete, Greece
